Fabrics are made of 100% acrylic fibers dyed in solution to ensure a stable pigmentation to UV rays and are finished with a protective anti-stain treatment.

Fascinating, easy to wash and durable.

High quality colors during the manufacturing process.

Insured durability, designed to resist fungus and mold and are guaranteed against fading and deterioration.

The final treatment applied on all fabrics is water-repellent and prevents the rooting of dirt, making that easy to clean.

Extremely simple maintenance.
