Kefa

Design: Matteo Nunziati

Description

The Kefa series is inspired by the work of the Italian architect Giuseppe Terragni, the father of Italian Rationalism and active between the 30's and 40's of the twentieth century. Terragni called his architecture "clear, elementary and perfect". Kefa is characterized by immense suspended volumes that intersect each other. The lines are basic but thanks to the important dimension, the imposing forms, the attention for the details and the careful selection of the materials such as leather, wood and metal, each complement acquires a richness and a unique exclusivity. The result is a Contemporary and innovative style, at the same time elegant and bourgeois.

The Kefa model is available in many different versions and finishes that uses mainly the following materials: leather, saddle leather, black walnut veneer with wax natural finishing, Titanium Oak veneer, brushed eucalyptus veneer with wax natural finishing.

Kefa

The structure is made of honeycomb fiberboard with edges and crossbars in beechwood, honeycomb cardboard with thickness 1”5/8 and two panels each one 3/8” on the 2 faces available in the finishing leather, saddle leather or wood veneer. Also available partially covered in leather or saddle leather and partially covered in wood veneer.

Tops of the desks are equipped with a plug box with 2x universal power sockets, 2x USB, 1x Audio 3.5, 1x HDMI, 2x RJ45 with top covered in leather or saddle leather.

The leg is fixed to the top with cylindrical wood dowels and with eccentric screws. Under the top, between the two bases, is fixed with a cross with thickness 1”3/8 in order to give solidity to the desk.

The modesty panel has a thickness of 3/4” and is available in all the finishings.

One of the bases is a fixed leg and the other one is a fixed return cabinet.

The fixed return cabinet has a frame with the top in leather or saddle leather or in wood veneer. The sides are composed by panels, doors and drawers available in the standard finishings; the handles are made with Titanium color varnished aluminum profile. The drawers are in beech plywood panel black matt lacquered with steel slide runners with damped close.

Made in Italy.
