Description

Lounge chair with metal frame, cold-moulded in foam. The base is in laser cut metal, in a variety of finishes. The base rotates completely with a self-aligning mechanism in the same finish as the chair. The cover options are: all in leather or with external structure in leather and internal structure in fabric. Also, a lumbar cushion in sterilised goose down with removable cover, is available upon request. The upholstery is completely glued to the chair, and therefore not removable. Made in Italy.
