*Design: Giuseppe Iasparra*

**Note:** The bed base in the picture is a reference. The drawings below show the accurate design for the bed base.

### *Description*

Double bed characterized by a modular headboard, which can be adjusted to multiple positions both in height and in width. The structure is in wood, covered in polyurethane foam joined with nylon mesh. The panels are in medium-density polyurethane foam, upholstered (in fabric or leather) and applied individually to the load-bearing structure (for ease of transport, in larger sizes are divided into two parts). The bedframe base upholstered in leather or fabric and contains a metal ring, chrome plated in a wide range of finishes.

Attachment to the base takes place by means of practical bayonet joints. On the back of the headboard, provision is made for simple (and advisable) attachment to the wall, which allows the utmost stability and safety of use. Two elegant chrome plated aluminum inserts complete the sides of the headboard. Also, on request, in the upper part of the headboard, charming and soft dimmer switched LED lighting can be applied. Made in Italy.
