

## Mate

*Design: Robin Rizzini*

### *Description*

Sofa with structure in solid wood and elastic belts. Concealed feet. Filling in undeformable variable density polyether and down or in polyester wadding. The polyester wadding version is more rigid and costs less whilst maintaining the same level of comfort and quality.

The upholstery covers every part of the sofa and is completely removable. The top stitched seam highlights the armrests. The underlining in cotton makes removing the cover easier and the product maintains its good looks even when uncovered. Also, rectangular and square ottomans, as well as three different sizes of decorative cushion, are available upon request. Made in Italy.

### *Finishes & Materials*

**Cover:** C.O.M. Fabric / Fabric (Cat. B/C/D/E/F/G) / C.O.L. / Leather / Nabuk.

**Structure:** Solid wood.
