

Aïku

Design: Jean Marie Massaud

Description

Aïku is a collection of highly comfortable chairs and armchairs featuring an essential image, designed for both home and contract spaces. Available in six versions of bases and a wide range of finishes.

This student armchair version comes with a sled base in steel wire with armrests and table, painted in matt white, matt graphite grey or chrome-plated. The matt white and graphite grey bases matches the same color of the shell's external finish, while the chromed base is available for both shells. HPL 3/8" thick table arm available in matt white or matt black.

The shell is made from two-color polypropylene through injection-moulding, mass pigmented with double finish; gloss outside, in black or white colors, inside with matt saffiano effect in different colors.

With gloss white external shell, the inside is available in: light grey, sugar paper blue, olive green or dove grey.

With gloss black external shell, the inside is available in: dark grey or military green.

Also, some optional accessories and a padded pad, are available upon request. Made in Italy.
