

# Flow Leather

*Design: Jean Marie Massaud*

## *Description*

A very comfortable padded collection of chairs and armchairs upholstered in leather, with a great impact. Padded shell: Injection moulded polycarbonate shell, cold foam shaped on the load-bearing frame. The leather cover is not removable.

Every unit can be customized thanks to two different types of leather, to the alternation of smooth leather parts and parts in microperforated leather, and to matching or contrast stitching; in detail:

. **NUVOLA:** rigorous and versatile, smooth grain leather upholstery with mineral tanning, featuring full and intense colors. The chair/armchair has smooth leather on the outside and micro-perforated leather with stitching in same tone on the inside.

. **ANILINA:** luxury and sophisticated, top-quality upholstery, full grain, pure anilina, with a soft and silky hand; distinctive for its natural tanning, the leather demonstrates all of its material and its innumerable shades. The chair/armchair has micro-perforated leather on the outside and a smooth inside with contrast stitching.

The base is available in different models (see next pages for more details). Made in Italy.

## *Finishes & Materials*

**Leather cover:** Nuvola / Anilina.

**Frame:** Aluminum.

**Legs:** Wood.
