Minima 3.0 Sketch
Design: Metrica – design Bruno Fattorini

The image corresponds to Composition MS-5

Description

Shelf that offers maximum expressive freedom in all the areas of the house. This version is available in 5 different configurations with 2" thick top shelf, made in multiply wood covered in reconstructed white Carrara marble, reconstructed Ebony black marble or Italian walnut fine wood (material top shelf in Italian walnut is not available for compositions longer than 118"1/8W).

It comes with frames and shelves made of extruded aluminum and assembled by mean of a concealed joining system, giving the structure stability and a special resistance to loads. Frame in aluminum, section 5/8" x 5/8" and shelf 5/8". End frames are equipped with an extruded aluminum pressure cap. Frames and shelves in matt painted finishes: white, graphite grey, pearl nickel and shadow grey.

Also, this shelf can be equipped with a cabinet with one drawer available in matt lacquer finishes: white, pearl nickel or shadow grey or in wood finish: natural black.
Made in Italy.

Finishes & Materials

Top: Reconstructed white Carrara marble / Reconstructed Ebony black marble / Italian walnut fine wood.
Aluminum frames and shelves: Matt painted (White / Graphite grey / Pearl nickel / Shadow grey).
Wood cabinets: Matt lacquer finishes (White / Pearl nickel / Shadow grey) / Wood finish (Natural black).

Cabinet

One-drawer unit: Built in medium density wood fibreboard, with variable thickness, available in a matt lacquered finish in colors: white, pearl nickel and shadow grey, or in natural black wood. Drawer equipped with push-pull opening system, with totally-extractable guides.
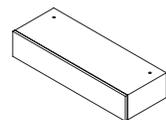

23"5/8W x 13"D x 5"7/8H

Lock for cabinet, upon request. Available lock types:
. Lock with universal key. The same key enables the indistinct opening of all elements where the universal locks have been mounted.

. Lock with ciphered key. The ciphered key enables the opening only of the elements where its ciphered lock has been mounted.

35"3/8W x 13"D x 5"7/8H
