Flow

Design: Jean Marie Massaud

Description

A family of seatings of great impact and comfort. Designed for the home, the office and the community areas. Available with a wide range of bases and finishes.

This armchair is available with shell in two versions:

. VERSION WITH A MASS-PIGMENTED SHELL (GLOSS OUTSIDE)
The shell is made from polycarbonate through injection moulding, is mass-pigmented in the matt colors white, black, mud brown, lead grey, avio blue, powder pink or green and has a standard double finish: gloss outside, and microgoffered inside.

. VERSION WITH MATT PAINTED SHELL
The injection moulded polycarbonate shell features a paint finish in the matt colors white, mud brown, lead grey, avio blue, powder pink or green.

In both versions, the armchair can be completed with upholstery: a thermoformed padded countershell with a small pad made from quilted polyurethane and polyester wadding. The padded versions can be upholstered in fabric or leather. The upholstery is removable.

This model features a base in two different models (see next pages for more details).
Made in Italy.

PADDED SHELL (COUNTERSHELL)

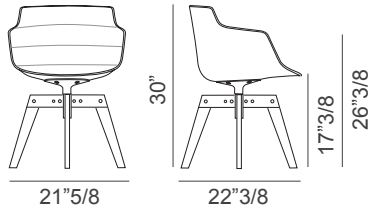

4-legged oak base
Armchair: 21”5/8W x 22”3/8D x 30”H
Seat height: 17”3/8
Armrest height: 26”3/8

Frame from transparent-lacquered natural oak solid wood with a natural, brown or bleached finish, with a lacquered aluminum coupling device matt painted white, graphite grey, lead grey, mud brown, green, avio blue or powder pink. 360° swivel.

WHITE OR COLORED SHELL

PADDED SHELL (COUNTERSHELL)

As an optional, an upholstered PAD made with polyurethane and polyester wadding, and with quilting that is thermally bonded to the fabric, is available upon request. This special manufacturing technique endows the texture patterns and the padding with a threedimensional look, while ensuring quality and durability over time. Because of these special features, the upholstery covering cannot be removed.
