

Argo Wood

Design: Ludovica + Roberto Palomba

Description

Dining table completely made of accoya wood, perfectly meeting the requirements of outdoor designed products and guaranteeing a high resistance to atmospheric agents. The rectangular top is composed of wooden slats and the legs are disposed in two different angles. Available in two finishes: rosewood and natural teak, also available in two sizes, for eight and ten seaters. Made in Italy.

Finishes & Materials

Top & Base: Accoya wood in rosewood (L11) or natural teak (L2) color.
