Design: Marconato & Zappa

Description

Extendable table, clean in its shapes, with modern lines that adapt perfectly to any type of environment. The legs come in painted metal and the top is available in glass or lacquered wood. The extensions, in lacquered wood, allow the surface to be extended, creating a convenient additional space; thanks to the lateral movement, the legs are placed at the edge of the top and do not obstruct the seating of guests.

Made in Italy.
