

Bahia

Design: Mauro Lipparini

Description

Armchair with organic shapes, characterized by its slender legs in metal, flexing outwardly, and the structure, thin but rigorous, that highlight through contrast the sinuousness of the backrest and seat.

This armchair, with structure in steel, features a curved backrest that extends forward in a single line, allowing the arms to rest freely while enveloping the user's back for maximum comfort. Seat and backrest padding in high density, shrink-resistant rubber and upholstery in fabric, eco-leather or leather. The cover is not removable. Made in Italy.
