Design: Kris Van Puyvelde

Description

Armchair made of two X-shaped frames. The fluent organic lines of the cast aluminum structure are only interrupted by the tapered teak armrests offering a warm design element. The seamless integrated curved backrest plate has two X-shaped openings. They not only serve as aesthetic features but also as fixation points for the backrest cushion. These are attached by means of X-shaped knobs that come in the color of the structure. Teak wood ones are also offered as an option to match the armrests.

Finishes & Materials

Structure: Coated aluminum in White, Mushroom, Sand, Bronze or Anthracite color.
Armrests: Teak wood.
Covers: Fabric cat. A, B, C.
