

Product: Bush On Planter

STRUCTURE

90 Cork

Cork

Quality: Reconstituted black cork with unique compactness and texture thanks to the way its natural resin maintains the granules united.

Performance: This is a sustainable, high-quality material. Lengthy exposure to direct sunlight may result in a natural fading of the cork's brown color.

Green Vision: The cork used is 100% natural, obtained through an environmentally sound process. Production offcuts become biomass fuel that provides the cork factory with green energy.
