

## Surfer

### *Description*

Surfer is a garden lounger in all its practicality and elegance: thanks to the fully reclining backrest and the contemporary and sinuous shape, this collection is a valuable ally for every moment of relaxation and fun, lying on the poolside or on the beach. The choice of materials, the lightness and stackability of the structure make Surfer an extremely functional sun lounger, characterized by rational and harmonious shapes. Available in two color combinations between the aluminum structure and the IMO certified Batyline upholstery, this collection finds place both in a private garden and in the outdoors of a luxury resort. Stackable. Made in Italy.

### *Dimensions*
