

Central

Design: Francesco Forcellini

Description

Wall mirror with wooden structure, composed of two mirror panels slightly tilted outwards, creating a base on which a third round element is placed centrally. All three elements are available in mirror, smoked, bronze or gold mirror and can be combined with each other, allowing one finish for the external panels and another for the central one. Made in Italy.

Finishes & Materials

Mirror: Mirror, smoked mirror, bronze mirror or gold mirror.
