Description

Table with base in embossed lacquered steel and top (1/2" thick) in extra clear bevelled glass with artistic decorative printing CrystalArt Marble.

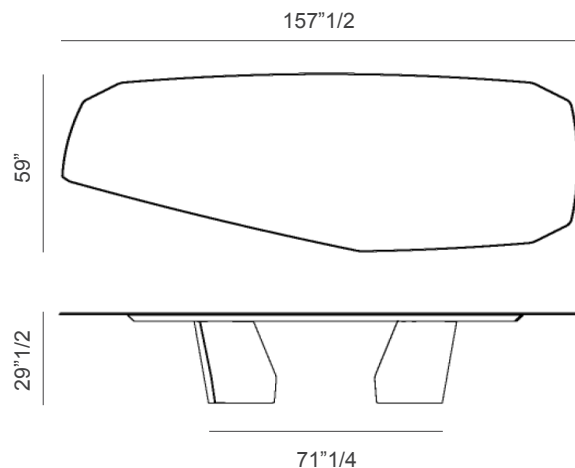

The glass top extends 157"1/2 in an irregular shape with rounded corners. This table seems to follow no geometric rules, yet the result is perfectly balanced and harmonious.

Every detail, from the shape of the top, to the asymmetrical metal bases, to the decorative glass printing technique of the top that recalls the veins of marble, accentuated on the entire perimeter by the elegantly bevelled glass, gives the impression of a natural object, a precious stone or a monolith shaped by man to assign it a function. Made in Italy.
