

# Lancer Wood

*Design: Renato Guerra*

## *Description*

Table with base in embossed lacquered steel or lacquered steel. The top is made of wood with finely worked edges and is available in two different versions:

- . **Vesion "B":** Barrel top with angled edges.
- . **"Masterwood" version:** Boat shaped top made of diagonal wooden planks of different sizes. Oblique and rounded edges.

What makes this table a unique model is the base with a strong architectural value, enlivened by a punchy graphic sign. Four blades cut through the air and intersect each other, creating an energetic composition with an apparently irreproducible pattern. Each leg is designed with a T-section, which multiplies the opportunities for crossing and overlapping. The entire base is thus strengthened by a rhythmic chiaroscuro effect, in which the blind zones contrast with the metal portions struck by the light. Made in Italy.

## *Finishes & Materials*

**Top:** Wood (Canaletto walnut / Burned oak).

**Base:** Embossed lacquered steel (Titanium / Bronze / Graphite / Pearl / Black) /  
Lacquered steel (Brushed Bronze / Brushed Grey).
