Design: Renato Guerra

Description

Table with base in embossed lacquered steel or lacquered steel. The top is made of 5/8" clear, extra clear or extra clear glass with reversed bevelled edges, allowing you to appreciate the sculptural base in its entirety.

What makes this table a unique model is the base with a strong architectural value, enlivened by a punchy graphic sign. Four blades cut through the air and intersect each other, creating an energetic composition with an apparently irreproducible pattern. Each leg is designed with a T-section, which multiplies the opportunities for crossing and overlapping. The entire base is thus strengthened by a rhythmic chiaroscuro effect, in which the blind zones contrast with the metal portions struck by the light. Made in Italy.

Finishes & Materials

Top: Glass (Clear / Extra clear / Bevelled extra clear).

Base: Embossed lacquered steel (Titanium / Bronze / Graphite / Pearl / Black) /
Lacquered steel (Brushed Bronze / Brushed Grey).
