

# Atrium Keramik

## *Description*

Fixed table with base in mirrored and quilted curved glass and top in a wide range of ceramic Marmi finishes.

The Atrium family of tables comes in numerous versions to meet the most varied aesthetic needs and optimally furnish a dining room. The central base consists of two finely worked plates of quilted mirrored glass.

The table creates a play of soft reflections, in which the surrounding objects and light sources reverberate. The glass is shaped with an unprecedented technique that gives the surface a three-dimensional effect like quilting on fabric. Made in Italy.
