

Bahia

Design: Mauro Lipparini

Description

Stool with seat and backrest padded in high density, shrink-resistant rubber and covered in fabric, eco-leather, vintage eco-leather or leather. The seat is height-adjustable with a gas piston incorporated into the base. This stool features a swivel base with one central metal leg. The cover is not removable.

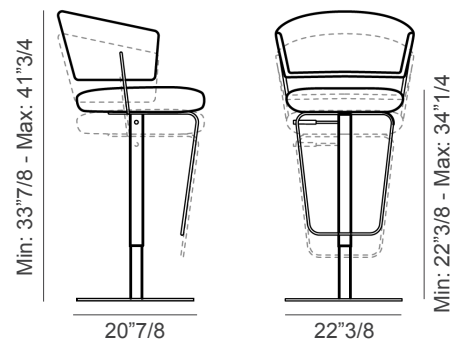

The curved backrest allows a free support of the arms and generously wraps the back. This stool comes from the union of curved shapes and simple tubular metal elements, giving as result an extremely balanced aesthetic. Made in Italy.
