

Art Wood

Design: Gino Carollo

Description

Fixed table available with top in different sizes and two shapes: round or rectangular with rounded corners. Its most distinctive feature is the base made up of a wood trapezium that runs diagonally under the top, allowing minimum obstruction and optimising the space.

The top, offered in glass or ceramic finishes, is firmly supported but the final effect is one of great lightness. Its design stands out for its high level of dynamism, solidity and sculptural impact.
Made in Italy.
