Design: Umberto Asnago

Description

Sideboard with modular concept, available with three or four units that include at least one open unit while the rest can be equipped with left or right side doors, drawers or one drawer and one file. The top and sides can be covered in saddle leather or leather, or in veined black walnut wood or ebony type wood, while the base is always lacquered in black. The internal structure can be made of particle board panels veneered in wood or in black melamine coated panels. The fronts of doors and drawers are available in wood or covered in saddle leather or leather; the drawers are made of matt black lacquered beech plywood. Made in Italy.
