*Design: Stefano Spessotto - Signed by Tiziano Guardini*

### *Description*

Sectional composed of square and rectangular elements available in two widths, with metal base and feet, partly from recycled ferrous materials. The seat suspension system consists of slats made from recycled glass fibers and recycled PET. Cushions are made of coconut fibers (structure) and natural latex (soft padding) bonded together with natural rubber adhesives. Pre-lining is made of recycled polyester from PET and glass fibers paste, and filling of recycled PET and cork. Removable covers available in two types of fabric: one is 100% polyester made from PET and the other is cotton produced from recycled knitting. Knitting is sorted according to composition and color to avoid wasting water and dye. Made in Italy.

### Internal composition

Greenwear

The sofa is assembled without using adhesives. This makes it easy to disassemble and take to recycling centers. The seat and pre-lining are biodegradable.

1. The frame and base are made of metal partly from recycled ferrous materials.
2. The seat suspension system consists of slats made from recycled glass fibers and recycled PET .
3. The cushions are made of coconut fibre (the structure) and natural latex (the soft padding) bonded together with natural rubber adhesives.
4. The cushions' pre-lining is made of recycled polyester from PET and glass fibers paste. The cushions are filled with recycled PET and cork.
5. Two types of fabric are available: one is 100% polyester made from PET and the other is cotton produced from recycled knitwear. The knitwear is sorted according to composition and color to avoid wasting water and dye.
