Wellness Therapy

Design: Alberto Apostoli

The images corresopnd to Composition 3 - Single bed

Description

Customizable collection for wellness therapy and SPA consisting of a bed (single or double) resting on stones, feet or plexiglass support and a luminous ring. Stones available with Corian touch top with chromotherapy and aromatherapy function, music and cup warmer.

A furnishing system where light, color, sound and scent chase each other, creating an experience of relaxation that is not only form and ergonomics, but in which emotion and holistic sensoriality also come into play. Made in Italy.

Wellness Therapy

Technical Information

Product Features

PRODUCT FEATURES

- Box for housing equipment.
- Corian panel with screen icons and controls.
- Audio diffusion through integrated speaker.
- Perfumer controlled by app and touch buttons.
- Surface heater capable of reaching a maximum. temperature of 50°C or higher, within regulations.
- RGB stone lighting.
- RGB ring lighting.
- Battery power system.
- Battery charging system.
- Connectivity in cloud.

Aluminum container for greater lightness and resistance to humidity and oxidation. Corian touch panel with screen-printed command icons. Control keys change the color of the backlight to signal the switching of the function.

INTEGRATED FUNCTIONS

- RGB light control of the lower ring of the stone.
- RGB light control of the side ring of the bed.
- Maintainance of the temperature.
- Possibility of integrated audio playback capable of supporting Spotify and Airplay.
- Perfumer with standard pods.
- App – web app for control and cloud connectivity for assistance and updates.
- Fully battery powered system.
- Integrated multivoltage power supply 100V-240V ac.

MEMORY CARD ALSO AVAILABLE WITH UP TO 10 HOURS OF PRE-LOADED MUSIC

Wellness Therapy

Technical Information

Integrated Functions

FRAGRANCING

Perfuming system with emission of essence. Compatible with Millefiori pods and diameter up to 4 cm.

AUDIO

Stone diffuser with 4 ”diameter with optimization of low frequencies. Integrated amplifier with the possibility of volume control and muting from the app. Volume control by pressing the button on Corian. Muting control with short touch of the corian touch key.

RGB LIGHT CONTROL

Control of RGB light through touch button on Corian surface with function of:
• ON
• OFF
• Automatic RGB wheel

RGB light control via app with added functionality of:
• RGB color selection
• light dimming
Separate RGB light control for under stone ring and side ring.

WARMER

Warmer system capable of maintaining the temperature of a liquid within a ceramic, steel or glass container, up to a maximum of 50°C.

Maximum temperature: 50°C. High temperature with red LED ring on the hot area. System on heating mode with red LED under the ring. Safety system for the automatic shutdown of the heater in case of removal of the Corian surface. Electromechanical safety system for the reaching maximum temperature.

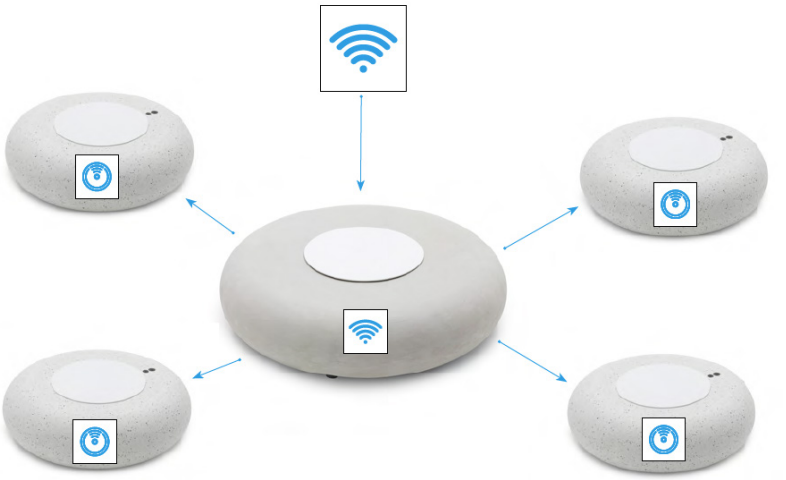

IMPORTANT NOTE:
For information regarding the warranty, the assistance contract, diagnostics and troubleshooting, it is necessary to consult the manual supplied with the sale and delivery of the product (manual also available on the Varaschin website).

Wellness Therapy

Technical Information

MASTER device able to connect to an external WiFi network.

SLAVE device able to connect via WiFi to a MASTER device but not to an external network.

MASTER-SLAVE

Music synchronization between master system and slave systems. Possibility of automatically linking multiple salvos to a MASTER.

Integrated control of RGB lights in master-slave mode.

The light is controlled both from the master system app and from a touch button on Corian.

Synchronization ring under stone and lateral ring.

In MASTER-SLAVE mode, possibility of individual control of fragrance and audio muting.

SIMPLIFIED SYSTEM CONFIGURATION

System configuration from the app through Wi-Fi. Integrated Wi-Fi gateway for connection to the customer's network and communication to all slave systems. Possibility of scanning the existing wifi channels at the installation site. Optimization of the wi-fi used. Button with a resetting system in case of incorrect configuration.

Wi-Fi features:
• Supports IEEE 802.11 a / b / g / n / ac
• Supports BT5.0

INTEGRATED APP

Control via integrated web app of all functions. Dynamic resize app based on connected control device. Automatic updating of functions in case of new system software releases.

CLOUD CONNECTIVITY

Cloud connectivity for:
• Remote system assistance
• Functionality updates
• Audio service updates in case of new market trends
• Possibility of subscribing to an alert service for:
System status / System logout / Low battery level

POWER

Fully battery powered. Battery with LiFePo4 technology for greater lightness and durability. Battery charge status diagnostic system with signaling on: Touch surface by flashing the LED, app via battery level visibility, cloud with low level reporting with mail alert. Electronic system capable of turning off the system autonomously in case of too low battery charge. Top-up recharging by removing the Corian surface. Indication of the state of charge with two-color LED on the box. Indication of the state of charge with two-color LED on the power supply. Charging stop system with power supply connected in case of reaching 100% battery level. Alert and upload status via cloud to email address. Characteristics of the internal battery:
Nominal voltage 12.8 V • Nominal discharge capacity 12Ah @ 0.2C5A • Maximum charge voltage 14.6 V CC / CV • Standard charging current 2.4A • Charging temperature 0 ~ +45Ð• Discharge temperature -10 ~ +60Ð• Storage temperature • Life cycle ≥6,000.
