Design: Ben Wu

The images correspond to Composition 1

Description

Sectional with wood structure with high-resistance elastic bands, covered in multi thickness polyurethane foam. The seat cushions are in medium/firm multi thickness polyurethane foam, with a final layer in Memory Foam, covered in 100% polyester fiber bonded with cotton blend cloth. The backrest cushions are in medium/soft multi thickness polyurethane foam covered in sterilized goose down.

A characteristic metal "shell" insert is at the base of each armrest, available in a wide range of finishes. As a supplement, a metal utility shelf (coordinated with the insert on the base) is available with a shaped marble, bronze or smoke mirror top.

Given the special manufacturing process, the structure upholstery in leather or fabric/velvet is NOT removable, but the seat cushion upholstery can be removed easily. Decorative cushions available upon request. Made in Italy.
