

## Bravery

*Design: Ben Wu*

### *Description*

Sofa, offered in 3 different widths, with wood structure with high-resistance elastic bands, covered in multi thickness polyurethane foam. The seat cushions are in medium/firm multi thickness polyurethane foam, with a final layer in Memory Foam, covered in 100% polyester fiber bonded with cotton blend cloth. The backrest cushions are in medium/soft multi thickness polyurethane foam covered in sterilized goose down.

A characteristic metal “shell” insert is at the base of each armrest, available in a wide range of finishes. As a supplement, a metal utility shelf (coordinated with the insert on the base) is available with a shaped marble, bronze or smoke mirror top.

The upholstery is available in two options: All in the same color/material or external structure in one color/material and internal structure and seat and backrest cushions in a different color/material. Given the special manufacturing process, the structure upholstery in leather or fabric/velvet is NOT removable, but the seat cushions upholstery can be removed easily. Decorative cushions available upon request. Made in Italy.
