

Unit

Design: Daniele Lo Scalzo Moscheri

Description

Modular dresser composed of a metal base, two central storage units and a showcase with metal frame on top. The base of the showcase is available in stoneware or bonded leather, while the top is available in glass, stoneware or bonded leather. Central storage units in lacquered or veneered MDF are available with a flap door, two doors or with a drawer, and are finished at sight on the back. Storage units should not be put directly on the ground, they were designed to be put on the bases or on top of another storage unit. It is advisable to stack a maximum of three storage units. Made in Italy.
