

# Magic

*Design: Fabrice Berrux*

## Description

Coffee table with metal structure. Available in a combination of glass or marble top with a metal frame and legs. The space that is created between the top and the base seems to indicate a lack of any point of support and this is precisely the illusion that the designer has managed: it is as if the top were levitating in a constant and perpetual state of suspension above the four legs. Available in two different sizes. Made in Italy.

1. Top and legs in marble.

#### Double material:
