

Mellow St

Design: Bartoli design

Description

Table with a large circular top, made using an external section in veneered wood and an internal ceramic rotating section. The base is made of curved elements moulded in high density polyurethane which face outwards. Available in two different combinations. A table with soft curvilinear shapes which are at the same time striking and sculptural. Made in Italy.

Available combinations:

Combination 1

Central built-in swivel top: Ceramic

External top: Canaletto Walnut veneered wood

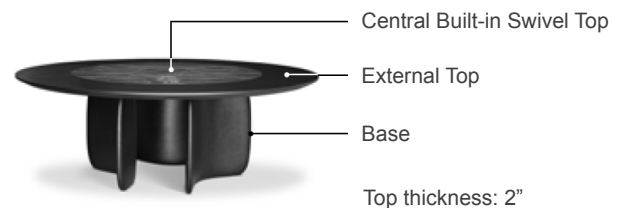

Base: Brushed bronze high density polyurethane

Combination 2

Central built-in swivel top: Ceramic

External top: Brushed Coal oak veneered wood

Base: Brushed lead high density polyurethane
