

Twigs

Design: Marconato & Zappa

Description

Bookcase that plays on the alternation between geometric order and natural randomness. The order is indicated by the regular rhythm of the horizontal wooden shelves, while the element of randomness is established by the supporting structure formed by thin metal tubes arranged with an irregular cadence and inclination.

The structure is available in bordeaux metal or bronze or lead plus metal and the shelves are offered in bordeaux, bronze or lead matt lacquered wood (matching the structure).
Made in Italy.

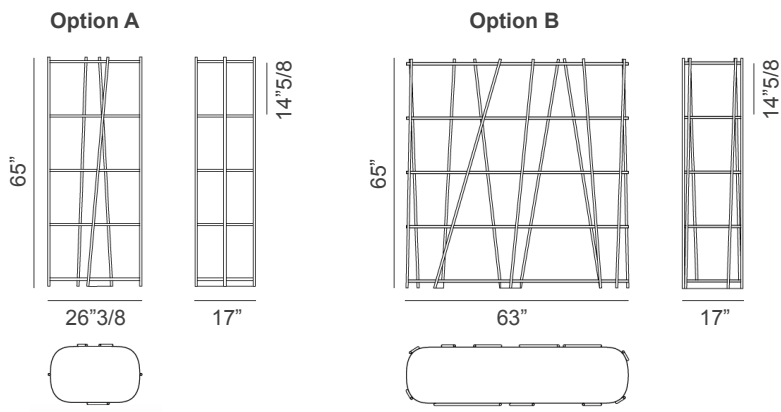

Maximum capacity: 10 kg per shelf.
