

Napoleon

Design: Giuseppe Viganò

Description

The Napoleon double bed has a frame in beech plywood, covered in multi-thickness polyurethane foam. The perimeter border is finished by hand, to match the upholstery or in different materials available in the sample selection. The backrest has a tufted pattern, with buttons in plain color or with "Swarovski" crystals. Given the special manufacturing process, fabric or leather upholstery is not removable. It is possible to have only the back of the backrest covered in velvet, without quilting, coordinated with the color of the leather.
