

Elda

Design: Joe Colombo

Description

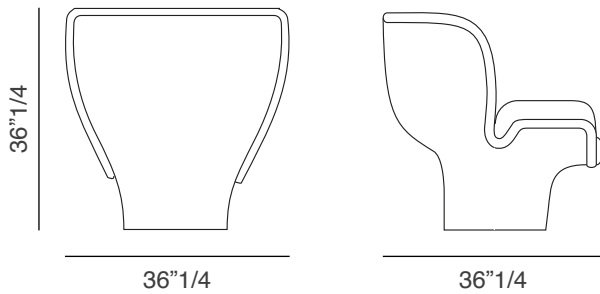

The Elda lounge chair has a 360-degree revolving structure in fiberglass built according to the original design by Joe Colombo, in moulds, entirely handmade. The upholstery in fabric or leather is non-removable. The outer fiberglass frame comes in white, black or metallic (bronze, grey or blue) finishes.

Finishes and materials

Structure: Fiberglass: white, black or metallic (bronze, grey or blue).

Covers: Leather: C.O.L. or categories 3, 6, 9 or 12; Fabric: C.O.M. or categories D, F, H or I.
