

Angel

Description

Suspension Lamp

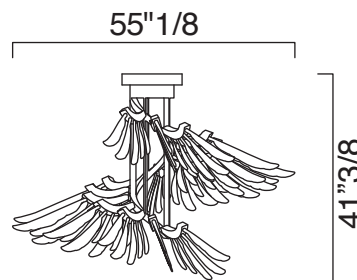

Angel is a spiral of crystal plumage, which wraps around itself with dynamism and floats in space like a vaporous wing unfolding lightly. Each feather is lit by LED, as well as the ceiling mount – also bright. Its complex structure, in myrrh color metal, is calibrated to support every single feather, diverse from the others in shape, size, and inclination. This suspension lamp is available in two models of different height, and in three different colors. The light sources are included.
