

Mood Taif

Description

An unusual chandelier, where the arms are arranged horizontally and do not gravitate around a centre – as is usually the case.

Three versions, different in number of lights (8-, 12- or 16-), and one 2-light wall sconce borrowing the name from equally famous chandelier: Taif. Franco Raggi, designer of the Mood chandeliers, reinterprets some historical models collections giving them a new shape and using modern chromed candle, tubular bulbs and electrical wires decorating the chromed fitting with a “U” shape.

The height is adjustable.

Structure in Murano: Black, White, Grey, Violet, Liquid Orange, Liquid Green, Liquid Yellow or Red..
