All the fabrics are UV resistant and have 3 price categories:

Cat. A1: offers a wide choice of fabrics for outdoor use, some of them acrylic fabric from Sunbrella, some others polypropilene fabrics, all combined with a polyurethane padding protected by a polyester cover, water repellent.

Cat. B1: the fabrics B1, composed of PVC, Polyester and Polyurethane, are water repellent. The B1 fabrics combined with padding polyurethane foams completely protected by a polyester cover offer the best waterproof solution.

Cat. C1: the fabrics C1, composed of PVC-Polyester and Polyurethane, have a light polyester padding fixed by a thermowelding with horizontal stripes and are water repellent. The C1 fabrics combined with padding polyurethane foams completely protected by a polyester cover offer the best waterproof solution.
