

Windsor

Design: Manzoni E Tapinassi

Description

The Windsor Chaise Lounge fits in with all kinds of furnishings: perfect in a traditional setting; in a modern setting it stands out like a valuable work of art. Made exclusively by hand with tufted upholstery, the sofa has a decidedly distinctive feel. It is refined and sophisticated, yet also soft and welcoming due to the distinctive button buried in the diamond quilting of the padding. The new version in velvet gives this chaise lounge a silky and sumptuous look.
