

## Morrison

*Design: Mauro Lipparini*

### *Description*

Morrison, in its gentle and simple form, has a light and thin structure that envelops the seat and back cushions. Light piping runs around the perimeter of the slightly inclined structure: tailoring details which simultaneously strengthen and lighten the structure. The lightness of the sofa is emphasized by thin metal legs, limbs which bond the structure and floor through joining metal plates. It can be used in any setting, from classic and formal to minimal, thanks to the versatile combinations of leathers, fabrics and finishes.
