

Plat

Design: Manzoni E Tapinassi

Description

The innovative idea in this sofa and sectional is the platform: a back or side extension of the seat system which can be used freely as a surface base or as an informal seat. It can be equipped with a series of container elements: trays and bookcases in various sizes, made either in tempered glass or in polished stainless steel.

This seating system features a wide range of sofas, lateral and relax units and ottomans of varied types and dimensions which make it possible to create innovative arrangements. The high degree of comfort is offered by the use of ergonomic seat and back cushions filled with goose down and resin foam template.

Finishes and materials

Structure: Varnished metal.

Seat Height: 14"5/8. **Armrest Height:** 19"5/8.

Feet: Plastic 2"1/8. The height of the foot can be made 3"1/8, without extra charge.

Covers: Fabrics or leathers from the collection.

Accessories: Bookshelves and trays in tempered glass, stainless steel or reconstituted ebony, polyester glossy lacquer.

Attention: New version without visible steel back supports.

(For more specifications, please refer to "Finishes & Materials")
