

Oompa-Loompa

Design: Gino Carollo

Description

"They're Oompa-Loompas...Imported direct from Loompaland." - Willy Wonka.

The Oompa-Loompa lamps are characterised by several strips of mottled glass with radial positioning as though many small "Oompa-Loompas" are dancing. The light is diffused through the glass and empty spaces and creates several rays, making a spectacular environment. The collection consists of a suspended version, available in three sizes, and a floor lamp. The glass is available in bronze, aquamarine blue and ruby red. The metals parts are in micaceous brown or titanium.
