

Noe

Design: Lievore Altherr Molina

Description

Chaise lounge with plywood base-panel, padding made partly of rigid self-supporting polyurethane, forming the framework, and partly of polyurethane fibres in different densities, suitable to guarantee high comfort.

The inside of the backrest and of the seat is covered by "BALL" type polyester fibre contained in a lining made of many different compartments obtained with numerous partitions.

All the external parts are instead covered with flake polyester fibre covered, in its turn, by cotton cloth. The "BALL" type polyester padding provides special comfort, as well as giving a particularly aged appearance specific to this fibre that must be accepted as it is intentional. Black lacquered beech feet.

Dimensions

36"5/8W x 61"D x 26"3/4H

Cover Finishes

**Simple
Lapped seam**

**Stitching
Punto Cavallo**
