

# Accursio

*Design: Antonino Sciortino*

## *Description*

A cross between art and design, the Accursio collection introduces a new creative language in the home or for contract use, to create myriad settings, uses and pairings.

The instantly recognizable handcrafted cross-shaped tubular steel base characterizes these occasional tables, which are available with round, square or rectangular tops, and with different heights and dimensions — even extra-large — and in a broad color palette.

## Accursio

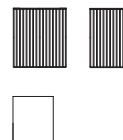

### Dimensions
