

# Hemingway

*Design: Francesco Lucchese*

## *Description*

The Hemingway sofa has a spacious seat, harmoniously combining maximum functionality with comfort. Each element is available in 2 versions: with plain or quilted seat and backrest. The wooden frame has elastic straps, padded in expanded polyurethane with fiber covering matched with jersey. The backrest is in metal and wood, padded in expanded polyurethane foam in differentiated densities with fiber covering matched with jersey. Backrest support in metal with chrome-plated details. Backrest feather cushions and feather throw pillows/roll cushions upholstered in cotton. Seat cushions in polyurethane foam in differentiated densities upholstered in heavy cotton. Padded armrest with wooden frame, upholstered in polyurethane foam with fiber covering matched with jersey or armrest in curved sheet metal, upholstered in coach hide. Feet in metal, powder-coated, with non-slip ferrules.

Most Elements are fitted with a mechanism that enables the backrest to move forward, decreasing the seat's depth by 9"7/8.

All elements are covered in completely removable fabric or in leather with cushions having removable covers, and structure (base and backrest), non removable covers.

## Finishes and materials
