

Blade

Design: Matteo Nunziati

Description

The Blade executive armchair has a chromed, tubular steel frame; the base can be wheeled (swivel, tilt and gas-lift mechanism) or fixed with 4 points (swivel), in die-cast aluminum or steel respectively. Support —seat and back— is available in technical mesh, fabric or leather.

Finishes and materials

Frame: Chromed, tubular steel.

Wheeled Base: Pressure die-cast aluminum, polished on the upper portion and black lacquered on the lower.

Fixed Base: 4 spokes in chromed steel.

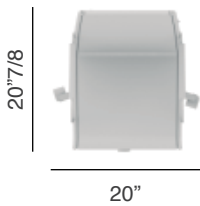

Covers: Technical mesh; fabric (cat. COM, L, T, S, Z and K) or leather (COL, PS, PF, PX and PA).

(For more specifications, please refer to “Finishes & Materials”)
