

# Blade

*Design: Matteo Nunziati*

## *Description*

The Blade conference chair has a chromed, tubular steel frame and a wheeled (swivel, tilt and gas-lift mechanism) base in die-cast aluminum. Support —seat and back— is available in saddle leather, fabric, leather or matt lacquered.

## *Finishes and materials*

**Frame:** Chromed, tubular steel.

**Wheeled Base:** Pressure die-cast aluminum, polished on the upper portion and black lacquered on the lower.

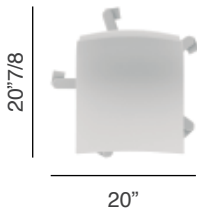

**Covers:** Saddle leather (cat. CF and CS); fabric (cat. COM, L, T, S, Z and K), leather (COL, PS, PF, PX and PA); or matt lacquered seat and back.

*(For more specifications, please refer to “Finishes & Materials”)*
