

Pigalle

Description

This unusually shaped wall lamp matches perfectly the other lamps from the same collection, whose distinctive elements are the soft-shape elements that are wrought using different techniques.

Like the companion chandelier, the white diffuser contains six L.E.D.s of only 8.4 total watts, but they are capable of producing a brightness which is the equivalent of a traditional 40-watt light bulb.

The spot dissipater positioned at the base of the diffusers is chromed and shaped in a distinctive manner.

Even the last ogive is L.E.D. illuminated.

L.E.D.s are included.

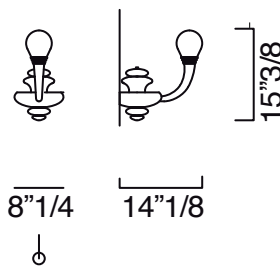

It comes in one- or two-light versions.

Dimensions

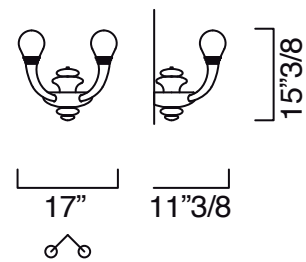

5680/01: 8"1/4W x 14"1/8D x 15"3/8H

5680/02: 17"W x 11"3/8D x 15"3/8H

5680/01
