

28

Design: Omer Arbel

Description

Table lamp made in blown glass and brass base with a black flexible cord and a dial control for on/off/dimming. 28 is an exploration of specificity in manufacturing. Instead of designing form itself, here the intent was to design a system of making that yields form. Individual 28 pendants result from a complex glass blowing technique whereby air pressure is intermittently introduced into and then removed from a glass matrix which is intermittently heated and then rapidly cooled. The result is a distorted spherical shape with a composed collection of imploded inner shapes, one of which acts as a shade for the light source. Designed by Bocci.

Dimensions

Pendant: 6" 1/2 aprox.
Base: Ø3"
Cable length: 72"

Pendant

Finishes and materials

Base: Brass.
Pendant colors: Clear or colored glass.
