

## 28 Stem

*Design: Omer Arbel*

### Description

Floor lamp with structure in black or brass finish with a 13<sup>3</sup>/<sub>4</sub> diameter base. Made with clear glass exterior spheres and milk white interior lamp holder cavities. Pendants come in clear or colored glass. The lamp is created as a result from a complex glass blowing technique whereby air pressure is intermittently introduced into and then removed from a glass matrix which is intermittently heated and then rapidly cooled. The result is a distorted spherical shape with a composed collection of imploded inner shapes, one of which acts as a shade for the light source. Designed by Bocci.
