

73V

Design: Omer Arbel

Description

Suspension lamp with braided metal coaxial cable and brushed nickel or white powder coated canopy. It is created as the result from blowing molten glass into a folded, heat-resistant ceramic fabric. The resulting shape has a formal and textural expression intuitively associated with fabric, which becomes permanent as it cools. A light source is positioned at the top of each pendant, accentuating the volumetric perception of the piece as well as the gradation of colour. Pendants available in Clear, grey 1, purple 1, blue 1, opaque white 1, opaque green 1 and opaque blue 1. Designed by Bocci.

Finishes and materials

Structure: Braided metal coaxial cable.

Canopy: Brushed nickel or white powder coated.

Pendants: Clear, grey 1, purple 1, blue 1, opaque white 1, opaque green 1 and opaque blue 1.
