

38V

Design: Omer Arbel

Description

Table lamp made with clear glass exterior spheres and milk white interior lamp holder cavities. It comes with a 92"1/2 long flexible cable with brass base and a dial control for on/off/dimming. There is notch on the back of the pendant base and dial control for wall mounting. Here, a large glass sphere is blown with a multitude of haphazard interior cavities, which intersect and collide in unpredictable ways.

Designed by Bocci.
